# **Bring Pure Healthy Anywhere in Your Room**

DT-WP-20 Tabletop Purifier for Installation Free

# Compact Body

## Small, Exquisite, and No Installation Needed

Free Installation, you can place it wherever you want.

Office

Bedroom

Living Room

# 3 Temperature Water Options

## Optimum Temperature is on Your Choice

### Hot Water

Sit down, and grab yourself a cup of coffee made of healthy hot water.

## Warm Water

Life is healthy and good. Warm water  
is a nice company of your leisure time.

# Ambient Temperature Water

It's always a good idea to quench your thirst with healthy water at ambient temperature.

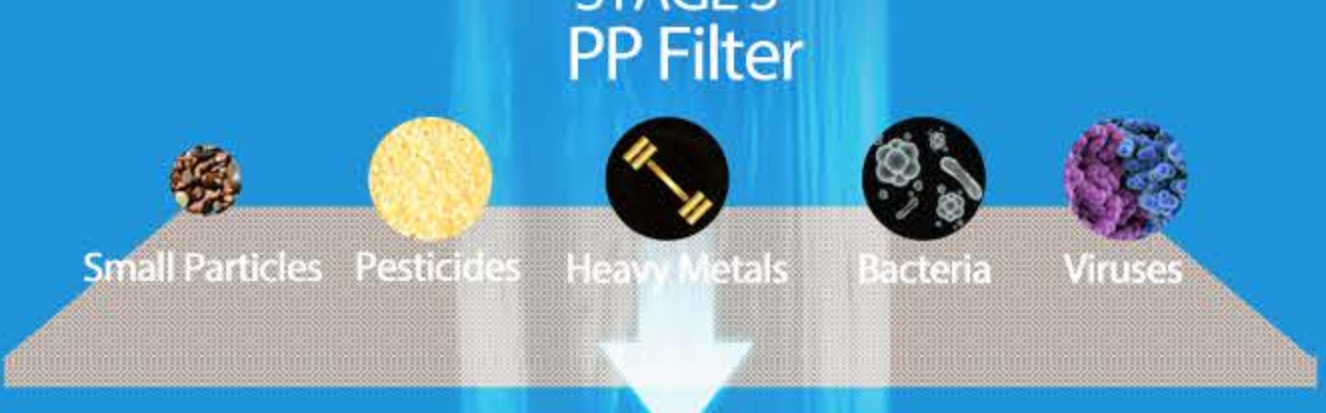

# 5+ Reverse Osmosis Water Filter System

## Remove Heavy Metals for Healthy Drinking Water

### 5-stage Filtration Process with High Precision

Our innovative 5+ Reverse Osmosis Water Filter System equips with stainless steel screen ahead of the filter. Invisible large particles can be blocked by the stainless steel screen before the water flows into the filter, which provides extra protection for membrane longevity and maintains superior filtration performance.

# Cost-effective All in One Filter

Surprisingly Performance with Minimum Cost

**8**  
For 1

Only one filter is required to be replaced instead of 8, so that yearly maintenance cost is highly reduced.

**DIY**

Simply replace it yourself without tools.

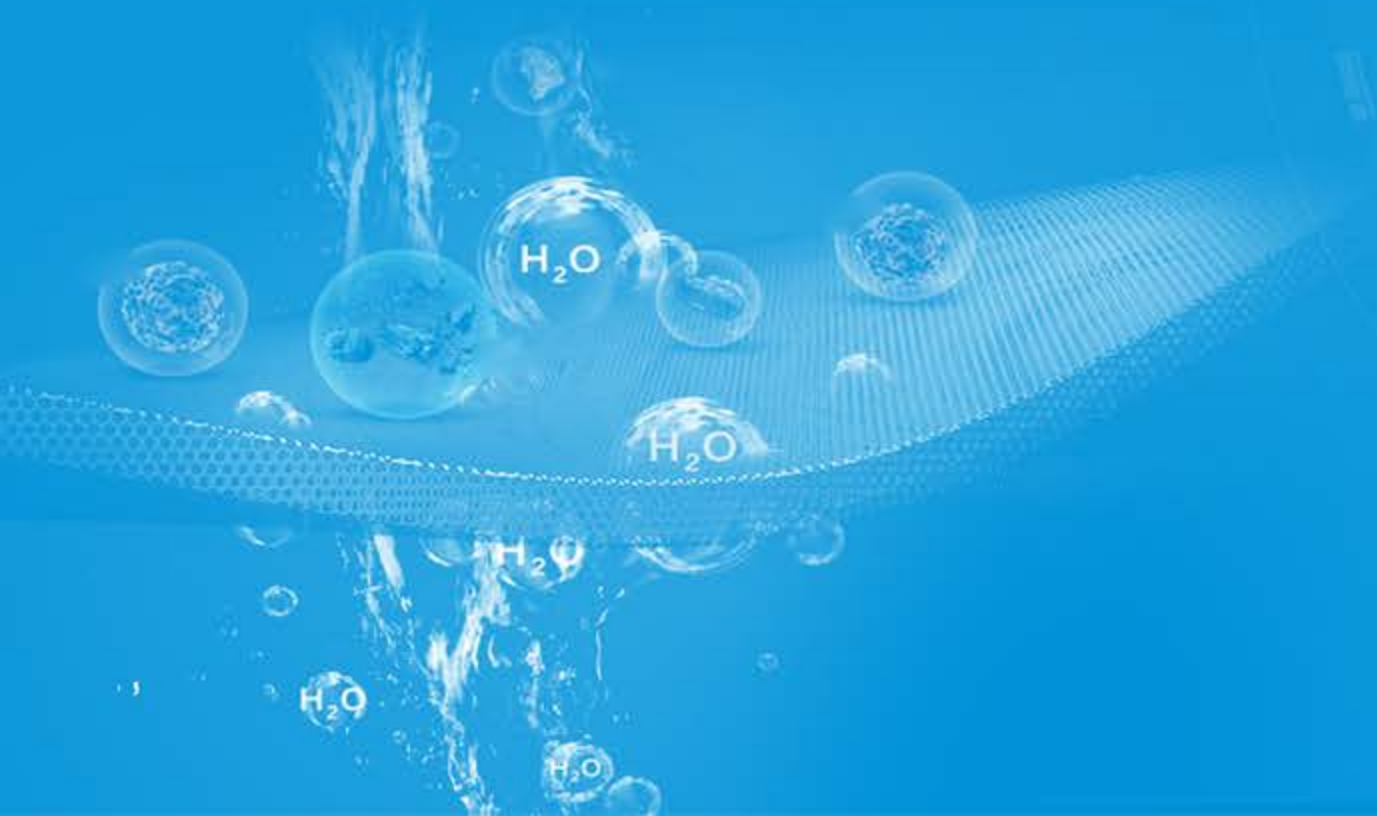

**1**  
Year+

Replaceable filter lasts over 1 Year.

# Smart Auto Wash Cycle

## Filter's Lifespan is Greatly Extended

Our smart Auto Wash Cycle helps to extend the lifespan of the filter by effectively flushing water impurities that remained in the filter in only 10 seconds.

# 60% High Water Recovery Rate

## Purify More, Waste Less

Refill your tap water tank daily to enjoy 10 glasses of purified water all day.

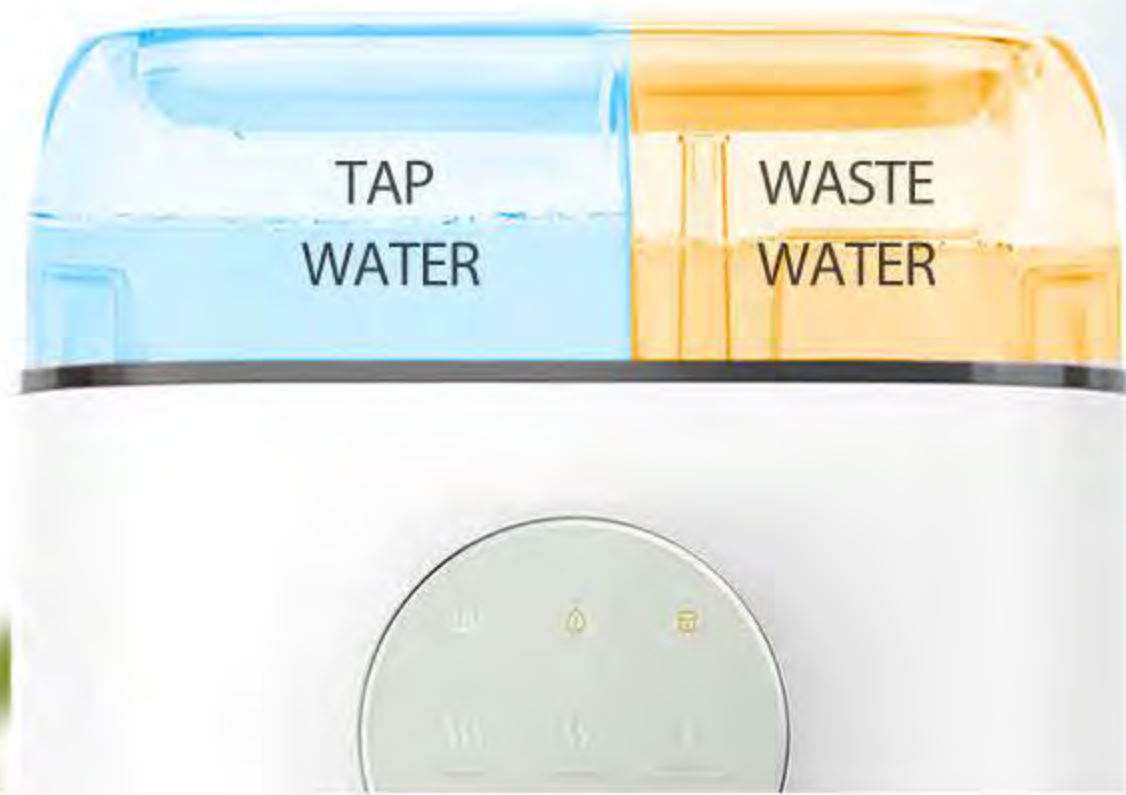

Remaining 40% can be stored for other household purposes.

# Removable Water Tank

## Change and Refill Water Easily

Tap water tank and wastewater tank are separated.  
With our removable water tank design, water is easy  
to be refilled, changed and stored.

# Food Grade Built-in Water Tank

Reliable Material for Healthy Water Storage

Hot Tank

Pure Water Tank

# Specification

<b>Model</b>	DT-WP-20	<b>Color</b>	white
<b>Filtration Velocity</b>	0.25L/min	<b>Voltage</b>	220~240V/50~60Hz
<b>Hot Water</b>	4L/H,0.8L hot tank	<b>Rated Power</b>	420W
<b>Filter</b>	All in one filter (RO)	<b>Life of Filter</b>	More than 12months
<b>Dimension</b>	245x245x435mm	<b>Warranty</b>	1 year
<b>Water Temp.</b>	Hot: $\geq 85^{\circ}\text{C}$ , Warm: $40\text{-}45^{\circ}\text{C}$ , Ambient: room temperature
